Independent Auditor's Report

To the Board of Directors  
Northeast Texas Municipal Water District  
Hughes Springs, Texas

We have audited the accompanying financial statements of the business-type activities and each major fund of Northeast Texas Municipal Water District (the District) as of and for the year ended September 30, 2012 and 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's administrators. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and each major fund of Northeast Texas Municipal Water District as of September 30, 2012 and 2011, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2012, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplemental section as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplemental section has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully submitted,

*Arnold, Walker, Arnold & Co., P.C.*

**Northeast Texas Municipal Water District  
MANAGEMENT'S DISCUSSION AND ANALYSIS**

The following discussion and analysis is provided by the Northeast Texas Municipal Water District, hereafter referred to as the District.

The Northeast Texas Municipal Water District was created in 1953 and performs two primary purposes. One purpose is to assure a sufficient supply of water for Northeast Texas. A second purpose is to assure water quality in the Cypress Creek Basin. During the time from October 1, 2011, to September 30, 2012, significant activities occurred in furtherance of each of these purposes. During this time, the value of the total assets of the District changed to an amount slightly greater than \$49.9 million dollars and operating revenue was \$1,122,023.

Financial Highlights

- The total assets of the District are \$49,939,260.
- The total liabilities are \$33,383,791.
- The assets of the District exceed liabilities by \$16,555,469.
- The total net assets of the District decreased by \$1,249,027 mainly because of the current year interest accretion of \$1.6 million on capital appreciation bonds.
- The total liabilities of the District increased by \$291,865 because of the interest accretion.
- The District had an operating income of \$1,122,023 for the audited year compared to an operating income of \$1,327,847 for the previous year. Total operating revenue exceeded total operating expenses by about 24%.

Overview of the Financial Statements

This section is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are: 1) Balance Sheet; 2) Statement of Revenues, Expenses, and Changes in Fund Net Assets; and, 3) Statement of Cash Flows.

The Balance Sheet indicates the financial condition at the end of the fiscal year expressed in terms of assets, liabilities, and equity. The Statement of Revenues, Expenses, and Changes in Net Assets indicates the effect of activities during the fiscal year. Statement of Cash Flows indicates the effect that activities have had on the cash position of the District over the fiscal year.

Some of the information in the basic statements has been separated by enterprise. Concerning this separation, please be aware that water production has been separately identified in some of these statements.

The District provides water in two ways. One way is to make the water available in a raw or unimproved condition. A second way that water is made available is in a potable condition. The information in the financial statements labeled "Regional Water Supply System" or "RWSS" is information related to the operations where water is made potable and then sold on a wholesale basis. The District operates two regional water treatment plants that change the water from its natural condition to a condition usable for municipal and industrial consumption. The District developed and operates a regional water project serving needs in areas that are south and west of Lake O' the Pines. The financial information labeled "Lake O' the Pines South Side" or "LOPSS" refers to that regional project that primarily serves Tryon Road SUD, Diana SUD, and Ore City.

The financial information under the label of "Primary Water District" is information pertaining to the overall administration of the District, raw water sales, and efforts to assure water quality. To assure water quality, the District has several active programs. Some of these programs are principally funded by grants from the Texas Commission on Environmental Quality (TCEQ), the Texas State Soil and Water Conservation Board (TSSWCB) or funded by contributions from other sources. The District performed all of the tasks associated with the Onsite Septic Facilities Program (OSSF) in the counties of Marion, Morris and Cass for the audited year. The District also began performing the OSSF responsibilities for Upshur County during the audited year. In the audited year, the District continued a significant multi-year effort related to reducing nutrient loading in the Cypress Creek Basin. In the audited year, The District continued a Watershed Protection Plan (WPP) for Caddo Lake and its watershed. Lake O' the Pines is within the watershed of Caddo Lake.

**Northeast Texas Municipal Water District  
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Overview of Financial Activities and Analysis

To begin our analysis, a summary of the District's Statement of Net Assets and Statement of Revenues, Expenses, and Changes in Fund Net Assets is presented.

	The District's Net Assets	
	Business-Type	
	Activities	
	2012	2011
Current and other assets	7,238,123	7,282,283
Capital and non-current assets	42,701,137	43,614,139
<b>TOTAL ASSETS</b>	<u>49,939,260</u>	<u>50,896,422</u>
Long-term liabilities	31,818,296	31,391,386
Other liabilities	1,565,495	1,700,540
<b>TOTAL LIABILITIES</b>	<u>33,383,791</u>	<u>33,091,926</u>
Invested in capital assets, net of related debt	10,882,841	12,222,753
Restricted/reserved	2,866,356	2,689,104
Unrestricted	2,806,272	2,892,639
<b>TOTAL NET ASSETS</b>	<u>16,555,469</u>	<u>17,804,496</u>

	The District's Changes in Net Assets	
	Business-Type	
	Activities	
	2012	2011
<b>Revenues</b>		
Raw water sales	2,055,121	2,088,442
Treated water sales	2,500,463	2,574,030
State grants	163,796	357,518
Other grants	3,200	-
Investment income	131,977	218,541
Other	41,977	83,818
<b>Total revenues</b>	<u>4,896,534</u>	<u>5,322,349</u>
<b>Expenses</b>		
Personnel	1,150,760	1,144,282
Supplies	353,996	311,349
Maintenance	290,419	298,164
Contractual services	553,321	563,106
Depreciation	1,072,874	1,082,585
State grant programs	179,187	281,544
Other grant expenses	-	11,119
Interest expense (A)	2,574,840	1,627,441
<b>Total expenses</b>	<u>6,175,397</u>	<u>5,319,590</u>
Increase in net assets before transfers	(1,278,863)	2,759
Transfers (net)	-	-
<b>Increase (decrease) in net assets</b>	(1,278,863)	2,759
<b>Beginning net assets</b>	17,804,496	17,801,737
<b>Prior period adjustment</b>	29,836	-
<b>Ending net assets</b>	<u>16,555,469</u>	<u>17,804,496</u>

(A) Interest accretion on capital appreciation bonds was \$1.6 million in fiscal year 2012 and was \$624 thousand in fiscal year 2011.

**Northeast Texas Municipal Water District  
MANAGEMENT'S DISCUSSION AND ANALYSIS**

The overall financial position of the District remains sound. The financial position of the District has not materially changed as a result of the year's daily operations. The amount of assets and liabilities modestly changed as a result of the year's activities.

Concerning raw water sales, the revenue decreased by \$33,321 or 1.6% when compared to the previous year. No new customers of raw water were added during the fiscal year. The weather pattern for the fiscal year was drier than normal but somewhat wetter than the weather in the previous fiscal year. The revenues from most of the raw water contracts are more influenced by the amount reserved rather than the amount actually diverted. The variation of 1.6% in raw water sales from the previous year demonstrates that the revenue from raw water sales is not as variable on weather patterns as revenue from treated water sales.

Concerning treated water sales, the most significant activity was the continuation of deliveries to the LOPSS system. The LOPSS system was in operation for the entire fiscal year which was the third full fiscal year of operations. The treated water sales in the LOPSS increased by \$63,274 or 5.2%. Production at the Tanner Plant which serves both LOPSS and RWSS exceeded 970 million gallons in fiscal year 2012. Comparisons of sales of LOPSS to sales in the RWSS demonstrate the significance of the LOPSS system in relation to treated water sales of the District.

The treated water sales for the RWSS decreased from \$1,337,826 in fiscal year 2011 to \$1,200,985 in fiscal year 2012. This decrease in sales was \$136,841 or 10.2%. This decrease in revenue is primarily due to a weather pattern change in fiscal year 2012. The weather in fiscal year 2012 was drier than normal but wetter than fiscal year 2011. Treated water sales are strongly correlated to the weather.

The treated water sales in RWSS and LOPSS were affected by drier weather conditions than a normal year. Much of the treated water is sold wholesale to cities. Cities use this supply to meet residential demand. Much of the residential demand can be for outdoor water uses. When there is adequate rainfall, the lawn irrigation amount decreases. When there is not adequate rainfall, the lawn irrigation amount increases. According to the U.S. Army Corps of Engineers, rainfall at Lake O' the Pines in fiscal year 2012 was about 42.8 inches, compared to 24.7 inches in 2011 and to 30.6 inches in 2010. Normal annual rainfall is about 48.4 inches. Though the rainfall for fiscal year 2012 was below normal, the amount was more than in the previous fiscal year.

The operating loss for the RWSS system (treated water production) increased by \$118,258 or 43.5% when compared to the previous year. The primary reason for this change was the decrease in the amount of water sold and the increase in the cost of chemicals used in the purification of the water. The production expenses for treated water produced by the Tanner Plant continue to be shared between the RWSS and the LOPSS and this sharing continues to have beneficial effects on RWSS and LOPSS.

Capital Assets And Debt Administration

Capital Assets

	District's Capital Assets (in thousands of dollars)	
	2012	2011
Non-depreciable:		
Land and right-of-way	1,480	1,435
Water rights	1,753	1,753
Depreciable:		
Water treatment plants	24,347	24,347
Water lines and intake structures	24,242	24,139
Buildings	497	491
Other	2,437	2,431
Less accumulated depreciation:	(12,055)	(10,982)
	42,701	43,614

The only significant addition was flood damage reduction costs paid to the Corp of Engineers.

Long-Term Debt.

	District's Long-Term Debt (in thousands of dollars)	
Bonds payable	31,818	31,391

No new debt was obtained this year. Interest accretion on the capital appreciation bonds for the current year is \$1.6 million.

**Northeast Texas Municipal Water District  
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Economic Factors and Next Year's Budget

The most significant financial effect for the District over the next fiscal year is likely to be additional water sales out of Lake O' the Pines. The approved State of Texas Water Plan and the applicable approved regional plan acknowledge an available supply of water in Lake O' the Pines for further use. This water is under permit to the District. The District is expected to evaluate offers for this available water over the next fiscal year. It is anticipated that as the demand for water increases the value of the available water will also increase. In 2006, the District agreed to sell some of the available water to the city of Marshall. Marshall has begun paying for that water. The unit price of the water in the contract involving Marshall starts at \$100 per acre foot. At \$100 per acre foot, the annual revenue from 5,000 acre feet is \$500,000. The District estimates that the amount of water potentially available for further sale could generate revenue in the amount of several million dollars annually. Some of the available water is within the control of some of the District's current customers. These customers will also realize a financial benefit if some of their available water is supplied to additional customers.

To aid in the proper development and management of water resources, the District serves as the Administrative Agency for the North East Texas Regional Water Planning Group (NETRWPG). The NETRWPG is a group of planners covering 19 counties in Northeast Texas. The primary funding source for the activities of the NETRWPG is the Texas Water Development Board. During the year of 2011, the NETRWPG completed the third comprehensive regional water plan. This new plan will be reviewed and amended where appropriate over the next 5-year planning cycle. During the audited year, the fourth round of regional water planning began. Active involvement in the activities of the NETRWPG helps the District to fulfill its role in assuring a sufficient supply of water for Northeast Texas. The approved regional water plan of the NETRWPG projects that the District has a more than adequate supply of water for at least the next 50 years.

The next year's budget has two additional significant modifying components. Each of these components financially affects the District. These components are: 1) payments to the US Army Corp for maintaining Lake O' the Pines; and 2) continued activities that improve the management of nutrients and assure environmental flows in the Cypress Creek Basin.

The District intends to increase the reliability of the water supply to the city of Daingerfield by constructing a storage tank at the delivery site to Daingerfield. The District intends to pay for this storage tank with funds on hand. When completed, the construction will decrease the amount of investments currently held by the District

The development of information and analysis related to nutrient loading in the Cypress Creek Basin continues to be important. Nutrient loading affects the water treatment techniques of the District. Reducing nutrient loading can reduce the treatment cost while increasing the nutrient loading could cause an increase in the cost of water treatment. State agencies and federal agencies continue to develop a program to address the nutrient loadings in the Cypress Creek Basin. More action on nutrient control in 2012 is anticipated. The District is also taking steps to assure the health of Caddo Lake. Caddo Lake is downstream of the major supply source for the District, Lake O' the Pines. Those steps include nutrient reduction and addressing noxious invasive plants that have the potential to affect all lakes within the Cypress Creek Basin. Invasive plants of concern include Giant Salvinia, Water Hyacinth, and Hydrilla. The District continues to try to control the expansion of Giant Salvinia within Northeast Texas.

The District continues to be keenly interested in assuring adequate flows for the environment in the Cypress Creek Basin. It is anticipated that work will be ongoing in this regard and that federal, state, regional, and local stakeholders will continue to be involved in this work.

Summary

Looking at the next five years, the District intends to continue activities devoted to assuring water quantity and water quality. The District expects to sustain a significant increase in its financial condition during this time period due to additional sales of raw water. With the improvements recently placed into operation, the water production capability should be sufficient for at least the next decade.

Request for Information:

This financial report is designed to provide a general overview of the District's finances for those with an interest in the District's activities. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Northeast Texas Municipal Water District, PO Box 955, Hughes Springs, TX 75656.

**Northeast Texas Municipal Water District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
At September 30, 2012

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Northeast Texas Municipal Water District (District) was created in 1953 by the legislature of the State of Texas. The member cities are Avinger, Daingerfield, Hughes Springs, Jefferson, Lone Star, Ore City, and Pittsburg. The District provides raw and purified water on a wholesale basis to the member cities and industrial users.

A summary of the District's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

**A. REPORTING ENTITY**

The reporting entity refers to the scope of activities, organizations, and functions included in the financial statements. The District is an independent unit with no dependent agencies and is managed by governing body of appointed officials. The funds included in these financial statements represent the reporting entity in accordance with requirements of the Governmental Accounting Standards Board.

**B. FUND ACCOUNTING**

The District's accounts are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which are comprised of each fund's assets, liabilities, fund equity, revenues, and expenses. The following is a description of the fund type used by the District in the accompanying financial statements.

**C. PROPRIETARY FUNDS**

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The District's three major enterprise funds are described below:

1. Primary Water District Fund – accounts for the operations of providing a raw water supply for municipal and industrial use out of the Lake O' the Pines.
2. Regional Water Supply System Fund – accounts for the operations of providing a treated water supply to the District's member cities and other customers.
3. Lake O' the Pines South Side Fund – accounts for the construction of improvements providing a treated water supply to the communities of Tryon Road, Diana, and Ore City.

**D. BASIS OF ACCOUNTING**

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). Generally accepted accounting principles prescribed by the Financial Accounting Standards Board are applied unless they conflict with or contradict GASB pronouncements, or were issued after November 30, 1989.

Proprietary Funds are accounted for using the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred.

**E. DEPRECIATION**

Depreciation is provided for in the Enterprise Funds in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives on the straight-line method. The service lives by type of asset are as follows:

Water intake structure	80 Years
Water treatment plants and pipelines	30-80 Years
Buildings	10-40 Years
Auto, furniture, tools and equipment	3-10 Years

**Northeast Texas Municipal Water District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
At September 30, 2012

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *continued*

**F. BOND ISSUE COSTS**

Bond issuance costs are deferred and amortized over the term of the bonds.

**G. DEFERRED REVENUE**

Water sales, government grants, and other revenues are recognized when earned. Revenues are considered to be earned when the District has performed all services related to the generation of revenue. At September 30, 2012, the District had received payment for services to be performed subsequent to year end. This resulted in deferral of revenue recognition until the period when service is performed.

**H. INVESTMENTS**

The District carries all debt securities at fair market value.

**I. RECEIVABLES**

Accounts receivable are considered fully collectible; accordingly, no allowance for doubtful accounts is required. In the event an account becomes uncollectible in the future, in whole or in part, such amount will be charged to operations when that determination is made.

**J. VACATION AND PERSONAL TIME OFF**

The District provides for vacations and personal time off. Vacation days may not be carried over from one year to the next. Any unused vacation is payable upon termination. Employees may accrue 12 days per year of sick leave. The amount accrued is not payable upon termination, death, or retirement

**K. CASH AND CASH EQUIVALENTS**

For purposes of reporting cash flows, cash and cash equivalents include cash on hand and cash deposit accounts in banks.

**L. USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

**M. OTHER**

When the District incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first whenever they will have to be returned if not used.

**II. DETAILED NOTES**

**A. DEPOSITS AND INVESTMENTS**

**Deposits**

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. At September 30, 2012, the District's deposits were entirely insured or collateralized with securities held by the pledging financial institution's trust department or agent in the District's name; as a result, the District's deposits were not exposed to custodial credit risk. Securities with a market value of approximately \$965 thousand were pledged at September 30, 2012.

**Northeast Texas Municipal Water District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
 At September 30, 2012

**A. DEPOSITS AND INVESTMENTS** *continued*

**Investments**

The Texas Public Funds Investment Act and the District's investment policy authorize the District to invest in U.S. Treasury securities; certain U.S. agency securities, including mortgage-backed securities; certain external investment pools; and certificates of deposit.

Custodial credit risk for investments is the risk that the District will not be able to recover the value of its investments that are in the possession of an outside party. At September 30, 2012, the District's investments were entirely insured or registered in the District's name; as a result, the District's investments were not exposed to custodial credit risk.

Interest rate risk occurs when potential purchases of debt securities do not agree to pay the face value for these securities if interest rates rise. The District does not purchase investments where the face value is not guaranteed.

Concentration risk is defined as position of 5% or more in the securities of a single issuer. Investments in external risk pools are not subject to concentration risk. The District is not exposed to any amounts of concentration risk.

At September 30, 2012 the District was in compliance with The Public Funds Investment Act.

At September 30, 2012, the District's investments were as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Principal Balance</u>
U.S. Treasuries	1,528,261	1,430,069
U.S. Government agencies:		
Federal Home Loan Bank	35,903	34,541
Federal Home Loan Mortgage Corporation	99,055	84,923
Government National Mortgage Association	<u>1,259,476</u>	<u>1,120,612</u>
Subtotal	<u>2,922,695</u>	<u>2,670,145</u>
External investment pools	<u>1,162,720</u>	<u>1,162,720</u>
	<u><u>4,085,415</u></u>	<u><u>3,832,865</u></u>

The District's investments in U.S. Treasuries and Government National Mortgage Association securities are backed by the full faith and credit of the U.S. Government. The District's other investments in U.S. government agencies are rated AAA by Moody's Investors Service. The District's investments in external investment pools are rated AAA by Standard & Poor's.

**Northeast Texas Municipal Water District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
 At September 30, 2012

**B. DISAGGREGATION OF RECEIVABLES AND PAYABLES**

Receivables at September 30, 2012 were as follows:

	<u>Water Sales</u>	<u>Grants</u>	<u>Total</u>
<b>Major Proprietary Funds:</b>			
Primary Water District	101,660	13,671	115,331
Regional Water Supply	136,921	-	136,921
Lake O' the Pines Southside	40,980	-	40,980
	<u>279,561</u>	<u>13,671</u>	<u>293,232</u>

Payables at September 30, 2012, were as follows:

	<u>Accounts Payable</u>	<u>Accrued Benefits</u>	<u>Accrued Interest</u>	<u>Accrued Sludge Disposal</u>	<u>Total</u>
<b>Major Proprietary Funds:</b>					
Primary Water District	36,074	1,553	-	-	37,627
Regional Water Supply	769	2,704	28,140	26,500	58,113
Lake O' the Pines Southside	40,483	-	43,002	-	83,485
	<u>77,326</u>	<u>4,257</u>	<u>71,142</u>	<u>26,500</u>	<u>179,225</u>

**C. INTERFUND BALANCES /TRANSFERS**

Interfund balances between the major proprietary funds total \$1,108,656 between the Regional Water Supply System and the Lake O' the Pines Southside funds.

Interfund transfers between the three major proprietary funds for the year netted as follows:

<b>Transfers from Primary Water District to:</b>	
Regional Water Supply System	1,247,425
Lake O' the Pines Southside	273,890
	<u>1,521,315</u>
 <b>Transfers from Regional Water Supply System to:</b>	
Primary Water System	<u>120,629</u>

These are transfers for operations and debt service and will not be repaid.

**Northeast Texas Municipal Water District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
At September 30, 2012

**D. CAPITAL ASSETS**

The District's capital asset activity for the year ended September 30, 2012, was as follows:

	Balance 10/1/2011	Additions	Deletions	Balance 9/30/2012
Non-depreciable assets:

Total accumulated depreciation	<u>(10,981,749)</u>	<u>(1,072,874)</u>	<u>-</u>	<u>(12,054,623)</u>
Net Capital Assets	<u>43,614,138</u>	<u>(913,002)</u>	<u>-</u>	<u>42,701,136</u>

Depreciation expense for the year ended September 30, 2012 was \$1,072,874.

**Northeast Texas Municipal Water District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
 At September 30, 2012

**E. RETIREMENT PLAN**

- 1. Plan Description.** The district provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the state-wide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the state-wide agent multiple-employer public employee retirement system consisting of over 586 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with ten or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 80 or more. Members are vested after ten years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump-sum are not entitled to any amounts contributed by the employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

- 2. Funding Policy.** The employer has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The employer contributed using the actuarially determined rate of 7.00% for the months of the accounting year in 2012, and 7.00% for the months of the accounting year in 2011.

The contribution rate payable by the employee members for calendar year 2012 is the rate of 7.0% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS act.

- 3. Annual Pension Cost.** For the employer's accounting year ended September 30, 2012 the annual pension cost for the TCDRS plan for its employees was \$38,258 and the actual contributions were \$38,258.

The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with the GASB Statement No. 27 parameters based on the actuarial valuations as of December 31, 2011, the basis for determining contribution rates for calendar year 2012. The December 31, 2011 actuarial valuation is the most recent valuation.

**Actuarial Valuation Information**

Actuarial valuation date	12/31/2009	12/31/2010	12/31/2011

**Northeast Texas Municipal Water District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
 At September 30, 2012

**F. LONG-TERM DEBT** *continued*

**Water System Revenue Bonds, Series 2003**, dated March 1, 2003, in the aggregate principal amount of \$8,650,000; interest payable semi-annually at coupon rates ranging from 0.74% to 4.14%; principal payable annually through September 1, 2024; secured by a pledge of revenues. The bond proceeds were used to fund improvements to the District's Tanner water treatment plant.

**Water System Revenue Bonds, Series 2008**, dated November 12, 2008, in the aggregate principal amount of \$1,550,000; interest payable semi-annually at coupon rates ranging from 5.5% to 5.85%; principal payable annually from September 1, 2025 through September 1, 2034; secured by a pledge of revenues. The bond proceeds were used to fund improvements to the District's Tanner water treatment plant.

**Contract Revenue Bonds, Series 2003**, dated March 1, 2003, in the aggregate principal amount of \$12,400,000; interest payable semi-annually at coupon rates ranging from 1.38% to 4.03%; principal payable annually through September 1, 2026; secured by a pledge of revenues. The bond proceeds were used to fund construction of the District's Lake O' the Pines Southside Regional Water Supply System.

**Contract Revenue Refunding Bonds, Series 2009**, dated March 1, 2009, in the aggregate principal amount of \$6,406,324; the bonds are capital appreciation bonds and do not pay periodic interest: the final maturity amount of \$26,070,219 (including accreted interest totaling \$19,663,895) is payable in irregular annual installments from September 1, 2019 through September 1, 2027; secured by a pledge of revenues. The bond proceeds were used to refund the District's Contract Revenue Notes, Series 2008.

**Water System Refunding Bonds, Series 2010**, dated July 7, 2010, in the aggregate principal amount of \$3,110,000; interest payable semi-annually at interest rates ranging from 2.00% to 3.00%; principal payable annually from September 1, 2012 through September 1, 2017; secured by a pledge of revenues. The bonds were used to refund the District's Water System Revenue Bonds, Series-2000. Interest payments decreased approximately \$600 thousand because of this refunding. The principal balance of the refunded debt is \$2,305,000 at September 30, 2012.

Certain bond agreements require the District to maintain reserve funds in an amount equal to the average annual principal and interest requirements of the outstanding bonds. As of September 30, 2012, reserve funds restricted for debt service totaled \$3,026,385, which exceeded the coverage required.

The scheduled Maturities of bonds payable as of September 30, 2012, are as follows:

Years Ending 9/30	Principal	Interest	Total
2013	1,255,000	836,976	2,091,976
2014	1,420,000	801,942	2,221,942
2015	1,515,000	762,101	2,277,101
2016	1,600,000	713,657	2,313,657
2017	1,630,000	663,693	2,293,693
2018-2022	7,998,853	2,946,798	10,945,651
2023-2027	12,247,470	20,172,576	32,420,046
2028-2032	775,000	225,060	1,000,060
2033-2035	310,000	27,202	337,202
Total	28,751,323	<u>27,150,005</u>	<u>55,901,328</u>
Accreted Interest	3,066,972		<u>31,818,295</u>

**G. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; employee health benefits; and other claims of various natures. The District purchases commercial insurance to indemnify it in the event of loss.

**Northeast Texas Municipal Water District**  
**NOTES TO THE FINANCIAL STATEMENTS**  
At September 30, 2012

**H. COMMITMENTS AND CONTINGENCIES**

The District has no significant commitments or contingencies at September 30, 2012.

**I. LITIGATION**

As of September 30, 2012 the District was not involved in any significant litigation.

**J. RESERVED / RESTRICTED NET ASSETS**

Reservations or restrictions of fund equity reflect amounts legally set aside for specified purposes. The purpose of each is indicated by the account title on the face of the statement of net assets.

**K. DEFICIT NET ASSETS-LAKE O' THE PINES SOUTHSIDE**

The Lake O' the Pines South Side Fund reflects deficit net assets. This fund was established in late 2008. Over time as water is sold and this activity goes forward, and through transfers from the Primary Water District, this deficit will decrease and become neutral.

**L. SUBSEQUENT EVENTS**

Administration has evaluated subsequent events through December 12, 2012, the financial statement issuance date.

**M. PRIOR PERIOD ADJUSTMENTS**

A prior period adjustment of \$29,836 is reflected as an increase to beginning net assets in the Regional Water Supply System Fund. This adjustment was made to correct accrued sludge disposal expense for over-accruals from prior years.

N/A – Not applicable

**Northeast Texas Municipal Water District**  
**(E) SCHEDULE OF SERVICES AND RATES**  
 For the year ended September 30, 2012

**1. Services provided by the District:**

<input type="checkbox"/> Retail water	<input checked="" type="checkbox"/> Wholesale water	<input type="checkbox"/> Drainage
<input type="checkbox"/> Retail wastewater	<input type="checkbox"/> Wholesale wastewater	<input type="checkbox"/> Irrigation
<input type="checkbox"/> Parks/recreation	<input type="checkbox"/> Fire protection	<input type="checkbox"/> Security
<input type="checkbox"/> Solid waste/garbage	<input type="checkbox"/> Flood control	<input type="checkbox"/> Roads
<input type="checkbox"/> Participates in joint venture, regional system and/or wastewater service (other than emergency interconnect)		
<input type="checkbox"/> Other (specify): _____		

**2. Retail rates based on 5/8" meter:**  Retail rates not applicable

Most prevalent type of meter (if not a 5/8"): \_\_\_\_\_

	Minimum Charge	Minimum Usage	Flat Rate Y/N	Rate per 1000 Gallons Over Minimum	Usage Levels
WATER:	_____	\$ _____	_____	\$ _____	_____ to _____
WASTEWATER:	_____	\$ _____	_____	\$ _____	_____ to _____
SURCHARGE:	_____	\$ _____	_____	\$ _____	_____ to _____

District employs winter averaging for wastewater usage?      yes       no

Total water and wastewater charges per 10,000 gallons usage (including surcharges). \$ \_\_\_\_\_

**3. Retail Service Providers:** Number of retail water and/or wastewater\* connections within the District as of the fiscal year end. Provide actual numbers and single family equivalents (ESFC) as noted:

N/A	Active Connections	Active ESFC	Inactive Connections (ESFC)**
Single Family	_____	_____	_____
Multi-Family	_____	_____	_____
Commercial	_____	_____	_____
Other-recreational centers, government & VFD	_____	_____	_____
<b>TOTAL</b>	<b>=====</b>	<b>=====</b>	<b>=====</b>

**4. Total Water Consumption (in Thousands) During the Fiscal Year:**

Gallons pumped into system: 1,086,283  
 Gallons billed to customers: 993,049

\* Number of connections relates to water service, if provided. Otherwise, the number of wastewater connections should be provided.

\*\* "Inactive" means that water and wastewater connections were made, but service is not being provided.

5. **Standby Fees:** Does the District assess standby fees? Yes  No

For the most recent full fiscal year, FYE \_\_\_\_\_:

Debt Service: Total levy \$ \_\_\_\_\_  
 Total collected \$ \_\_\_\_\_  
 Percentage collected \_\_\_\_\_

Operation & Maintenance: Total levy \$ \_\_\_\_\_  
 Total collected \$ \_\_\_\_\_  
 Percentage collected \_\_\_\_\_

Have standby fees been levied in accordance with Water Code Section 49,231 thereby constituting a lien on property. Yes  No

6. **Anticipated sources of funds to be used for debt service payments in the District's following fiscal year:**

a. Debt Service Tax Receipts	\$ _____
b. Surplus Construcion Funds	_____
c. Water and/or Wastewater Revenue	2,091,976
d. Standby Fees	_____
e. Debt Service Fund Balance to be Used	_____
f. Interest Revenues	_____
g. Other (Describe)	_____
_____	_____
_____	_____
<b>*TOTAL ANTICIPATED FUNSD TO BE USED</b>	<b>\$ 2,091,976</b>

7. **Location of District:**

County(ies) in which District is located. Cass, Morris, Marion, Upshur, Camp

Is the District located entirely within one county? Yes  No

Is the District within a City? Not at all  Partly  Entirely

City(ies) in which District is located. Avinger, Daingerfield, Hughes Springs, Jefferson, Lone Star, Ore City, Pittsburg

Is the District located within a city's extra territorial jurisdiction (ETJ)? Not at all  Partly  Entirely

ETJ's in which District is located. \_\_\_\_\_

Is the general membership of the Board appointed by an office outside the District? Yes  No

If Yes, by whom? \_\_\_\_\_

\* This total should equal the District's total annual debt service for the fiscal year following the fiscal year reported or in the audited financial statements.

**Northeast Texas Municipal Water District**

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors  
Northeast Texas Municipal Water District  
Hughes Springs, Texas

Members of the Board:

We have audited the financial statements of the business-type activities, each major fund Northeast Texas Municipal Water District as of and for the years ended September 30, 2012 and 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 12, 2012. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Northeast Texas Municipal Water District is responsible for establishing and maintaining effective internal control over financial reporting.

In planning and performing our audits, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. The tests performed provide sufficient, appropriate evidence to support the results of our testing. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than these specified parties.
